Scott Farm Seed Company

CLOVERS · ALFALFA · TIMOTHY
GRASSES · SEED CORN · SOY BEANS

Mechanicsburg, Ohio

Dear Scott Friend:

It hardly seems possible that it's time to send you another early winter price list. Yet from the letters and cards coming in we know many are interested in quotations and plan to order some seed in December.

Seed supplies are rather spotted. There is a good crop of Alfalfa and Lespedeza, moderate amounts of Red and Mammoth and probably enough Alsike, Sweet Clover and other legumes to last throughout the season. Exceptions are Birdsfoot Trefoil and new Certified legume varieties.

The situation on the different grasses isn't so good. This includes Timothy, Brome, Orchard Grass, Meadow Fescue, Reed Canary and several others. Our present supplies are fully up to those of last year but we don't know what to expect if we run out late in the season. Better order your needs on these items early.

Hybrid Seed Corn, while not as large a crop as 1948, is excellent quality, well matured and nice in appearance. We understand corn borer and windstorms played havoc with seed fields in several of the western corn belt states.

Heavy oats adapted to this region are scarce. However, color and germination are good and top yields can be expected even though bushel weight is a little lower than usual. Clinton 11, an improved Clinton from Illinois, compares with and has performed equally as well as Clinton 59 and is in better supply than the 59's. Andrew is a new high yielding white variety about the same maturity as Mindo and Columbia. All Oats and Barley are treated against stinking smut and seedling diseases found in the soil.

To the many folks who have used Scotts Farm Seeds, we are sure you will find this year's fully as good as in the past. They are high in germination, tops in quality and noxious weed free.

To those ordering for the first time, we feel sure you will find Scotts better than can generally be obtained elsewhere. Clean, high germinating seeds give more satisfactory stands, higher yields and more freedom from troublesome weeds. You, too, are interested in good crops and clean farming. Order Scotts for at least a part of your needs this year.

CHRISTMAS and NEW YEARS GREETINGS TO ALL

Sincerely,

THE SCOTT FARM SEED COMPANY

The New Hybrid Corn Color Bulletin Will Be Sent With The January Price List.

Seed Price List

December 1, 1949

"SCOTT'S" grade is the highest quality seed available. It is carefully selected and thoroughly re-cleaned. Noxious weed free. May contain 0.10% to 0.25% other crop seed and in most cases will test 99.75% pure seed.

MECHANICSBURG
OHIO

SPECIALS: The grades marked "Special" may be slightly off in appearance, lower in germination, or contain a small amount of other clovers or crop seed. This seed is clean and perfectly safe to sow.

MEADOW MIXTURES

Seed 14-16 lbs. per acre

For High Lime Soils

SCOTT'S Alfalfa Mixture \$49.50 cwt.

Alfalfa 7 lbs., Red Clover 4 lbs., Timothy 4 lbs.

For Medium Lime Soils

SCOTT'S Red Clover Mixt. \$47.00 cwt.

Red 6 lbs., Alfalfa 2 lbs., Alsike 2 lbs., Timothy 5 lbs.

Where Soil is Acid or Drainage is Poor

SCOTT'S Red Clover Alsike \$44.50 cwt.

Red 6 lbs., Alsike 2 lbs., M. Fescue 2 lbs., Timothy 5 lbs.

SCOTT'S CROP-LAND PASTURE MIXTURE \$65.00 cwt.

Contains Ladino, Louisiana White Clover, Birdsfoot Trefoil, Kentucky Bluegrass, Ky. 31, Fescue, Reed Canary Grass, Brome Grass, Orchard Grass, Perennial Ryegrass and Redtop. Sow 25-30 lbs. per acre.

SCOTT'S Crop-Land Mix is suggested where the field is to be left in pasture for at least 5 years and where heavy grazing is desired. Apply fertilizer, and lime where needed, and follow recommended seeding methods.

GREEN MANURE MIXTURE..... \$35.00 cwt.

A sure catch legume mixture for soil building and plow under. May also be used for pasture or hay. Contains Mammoth, Sweet Clover and Alsike. Sow 10-12 lbs. per acre.

SCOTT'S Spring Pasture Mixture... \$42.50 cwt.

A balanced, widely used mixture of legumes and grasses containing ladino clover for establishing highly productive permanent pastures. Contains alfalfa, red clover, alsike, ladino, white dutch, Kentucky bluegrass, meadow fescue, timothy, orchard grass and ryegrass.

SPECIAL PASTURE MIXTURE... \$28.50 cwt.

A good mixture where lespedeza can be grown successfully. Over forty percent legumes by weight. Contains alsike, white clover, lespedeza, ryegrass, meadow fescue, timothy and orchard grass.

Pasture mixtures are sown 20 to 25 lbs. per acre for new seedings and 10 to 15 lbs. per acre for reseeding an established pasture.

TIMOTHY

SCOTT'S Timothy\$13.50 bu.

SMOOTH BROME

Certified (limited supply) \$60.00 cwt.

Southern Type..... 50.00 cwt.

Dwarf Essex Rape\$.20 lb.

Hairy Vetch25 lb.

PASTURE GRASSES

Certified Ky. 31 Fescue.....\$.75 lb.	Ryegrass (Annual)\$.18 lb.
Ky. 31 Fescue Purity 98%.. .65 lb.	Ky. Bluegrass (Fancy)..... .68 lb.
Alta Fescue..... .70 lb.	Redtop (Fancy)..... .68 lb.
Meadow Fescue..... .37 lb.	Reed Canary Grass..... 1.20 lb.
Ryegrass (perennial)..... .22 lb.	Orchard Grass..... .38 lb.

All Seed Oats and Barley are treated without extra charge. This treatment is recommended by the U. S. D. A. and State Experiment Stations for the control of certain smuts and seedling diseases. Treatment improves stands, yields and quality of grain.

SEED OATS, BARLEY

Clinton\$1.60 bu.
Clinton 59 (Certified) 1.90 bu.
Clinton 11 (Certified)..... 1.85 bu.
Mindo (Certified) 1.75 bu.
Andrew (Certified) 2.45 bu.
Columbia Type 1.60 bu.
Barley (Wisconsin 38)..... 2.75 bu.
Barley (Bay—Michigan Grown)..... 2.50 bu.

SWEET CORN

Golden Cross Bantam\$.45 lb.
Certified Ohiogold No. 150 lb.
Stowell's Evergreen25 lb.

RAT KILLER	CROW REPELLENT
TAT Antu Each \$1.00	Treats 1 bu. corn.. \$.60
Cyanogas, 1 lb. size. .75	Treats 2 bu. corn.. 1.00

Soybeans quoted in January. Will have Hawkeye, Lincoln, Monroe, other varieties for bean and hay production.

Scott's HYBRID SEED CORN

SCOTTS Hybrid Corn has been graded for width, length and thickness and will plant easily and accurately in any make of planter. It is treated for protection against disease. The round kernels are graded uniformly and will yield just as well as the flats but special plates are usually required for accurate planting. These plates are available for most standard planters. Ohio Certified and Experimental Hybrids not listed are available upon inquiry.

EARLY MATURING HYBRIDS			MEDIUM MATURING HYBRIDS			MEDIUM LATE HYBRIDS		
	Round Grade	Flat Grade		Round Grade	Flat Grade		Round Grade	Flat Grade
SCOTTS 11 \$8.00 bu.	\$10.00 bu.	SCOTTS 66 \$8.00 bu.	\$9.50 bu.	Iowa 4059 \$6.00 bu.	\$8.25 bu.

ROUNDS—Only medium and large rounds are offered. Carefully graded, high in germination, produce strong plants, and will yield as well as flats at a saving in seed cost. The same grades are available each year.

SCOTTS 11—Slightly earlier than Ohio M-15. Large ears for an early hybrid. Has out-yielded Ohio M-15. Sound dark yellow ears. Suited to short season or late planting.

SCOTTS 22—The maturity of Ohio M-20 and M-34. Has outproduced its maturity class on many different farms. Good roots, sound ears, good quality fodder, dries out quickly.

SCOTTS 33—Maturity of K Hybrids. A real producer with disease and smut resistance. Easy husking, nice fodder not as tall as K-24. Will pick clean and crib early.

SCOTTS 66—One of the best medium maturing hybrids in the corn belt. Disease resistant, husks easily, strong roots, high yields on a wide variety of soils.

SCOTTS 75—Slightly earlier and not quite as tall as most of the C Hybrids, blight resistant, sturdy stalks, large dark yellow ears, bred for handy size and high yields.

SCOTTS 99—Maturity of U. S. 13 and bred for more corn borer resistance and higher yield. Dark green color. Not quite as tall as U. S. 13. Good sized, sound ears.

EARLY SILAGE BLEND—A blend of the earlier maturing hybrids for short season use. Seed is uniformly graded and above 90% germination. Will plant 8-10 acres per bushel.

LATE SILAGE BLEND—A blend of the later maturing hybrids recommended for full season planting. Slight variation in maturity gives high yields of balanced quality feed. May be used for crib corn.

SPECIAL OFFER

One peck of medium flat kernels of any SCOTT Hybrid selected will be furnished FREE of charge for each 3 bushels of corn ordered in December.
